Organic and biodynamic wine

## WINE REGION NOTES:

La Mancha is an ideal area for growing grapes. The health of their vines is extraordinary due to the long hours of sunshine they receive and their great ripening cycle.

## WINERY NOTES:

Located at Las Pedroñeras, Cuenca, North-East of Castilla La Mancha. Sit at an altitude of 750 metres above sea level with a continental climate and sandy loamy soil, rich in limestone, making it an ideal place to grow grapes naturally.

## WINEMAKING NOTES:

This wine is made from organically grown grapes on our Estate. Biodynamic practices have been applied improving the soil structure and enhancing the natural cycle of the vines. Night harvested and cold macerated before fermenting.

## TASTING NOTES:

It shows nice cherry colour with violet shades. Red berries and cherries aromas. Good balance of tannins and acidity combined to achieve a complex palate.

## PAIRING:

We recommend service at 17° C. A perfect match: Cheese and pasta.
