WINE REGION NOTES:

La Mancha is an ideal area for growing grapes. The health of their vines is extraordinary due to the long hours of sunshine they receive and their great ripening cycle.

WINERY NOTES:

Located at Las Pedroñeras, Cuenca, North-East of Castilla La Mancha. Sit at an altitude of 750 metres above sea level with a continental climate and sandy loamy soil, rich in limestone, making it an ideal place to grow grapes naturally.

WINEMAKING NOTES:

This wine is made from organically grown grapes on our Estate. Biodynamic practices have been applied improving the soil structure and enhancing the natural cycle of the vines.

Alcoholic fermentation was carried out in stainless steel tanks under a controlled temperature between 15° C and 17° C. It has been gently filtered to keep all natural aromas and characteristics.

TASTING NOTES:

It shows a bright golden colour with lime reflections. Fruity citric aromas and magnolia or Tahiti flowers-like scent. Mouth watering and well structured acidity.

PAIRING:

We recommend service at 8° C. A perfect match: Asian dishes, ginger and marinated fish.
