

Willamette Valley, Oregon

Saturn's fifth moon, Rhea, is named after the mythological Titaness, wife of Cronus and mother of Zues. This wine is a once delicate and bold, a tribute to "the mother of the gods", as well as the beauty of Saturn's rings, artistically represented on our label.

Opulent layers of cranberry, black tea, and red currant with accents of savory earth pair perfectly with wild mushroom risotto and lean cuts of beef.
