CABERNET SAUVIGNON CALIFORNIA

It is often said that great wines are grown, not made. This colloquialism emphasizes the importance of not only selecting the best vineyards up and down the coast of California for our wines, it honors our winegrowers; the ones who make skilled decisions about the day-to-day care of the vineyard to deliver the best fruit possible.

TASTING NOTES

Our Cabernet Sauvignon has robust aromas of currant, raspberry jam and black tea followed by youthful tannins, rich red fruit and a bold finish.
